# Robert Musil Literature Museum

## FREE entry

The Robert Musil Literature Museum is located in the same house where Robert Musil (1880 – 1942), the Austrian author of world renowned books and modern classics, was born in Klagenfurt.

The house, which was built in 1867, belongs to the city of Klagenfurt and was adapted in 1996 and 1997 to encompass a **modern centre for literature**, with new rooms for the museum and for the University of Klagenfurt Robert Musil Institute for Literature Research.

Since 1994, the literature museum has been run by the cultural department of the city of Klagenfurt and now shows permanent exhibitions on **Robert Musil, Christine Lavant and Ingeborg Bachmann**. The content-related concept for the exhibitions came from Heimo Strempl, the design for the exhibitions came from architect Franz Freytag (Klagenfurt). The internationally renowned French **street artist Jef Aérosol** turned the Musil Museum into a real “landmark” by spraypainting portraits of Christine Lavant, Ingeborg Bachmann and Robert Musil on the entrance.

# KATHREINKOGEL

Schiefeling am Wörthersee

The house of archaeology

With a height of 772 m Mt. Kathreinkogel is not only a prominent feature in the landscape of the community but also its most interesting cultural site. From the parking lot you take the hiking trail to get to the top. Walking along the trail you will learn a lot about the history of the mountain. In the museum all the archaeological finds from the 1980s are set on display. They date back to the Neolithic as well as Bronze Age and the late antiquity.

On top of the mountain there are the remains of a 10,000 m<sup>2</sup> large fortification with an early Christian church from the 4th century. You can still admire the elevated presbytery, the floor pavement and the two cisterns to the south-west that were used to catch and store rainwater.

**Information:** July and August the museum is open daily from 10am to 4 pm, free entrance.

**Necessary equipment:** walking shoes

**Attention:** In case of rainy weather the museum is closed!

## The biggest swing in the Alps - cooler than any bungee jump

New and unique in Europe: the road through the Lesach Valley has always been an adventure in itself. Now it's even better. Mounted on the 70-metre-high bridge in Podlanig is the largest swing in Europe – with thrills guaranteed. First we adjust the harness for you. Then we winch up the four-seater swing. All you have to do is release yourself to plunge down towards the valley (safely held of course by the steel cables). After swinging backwards and forwards several times, you will then be helped out and can recover from the experience. Adrenalin-pumping excitement, but don't worry: all the procedures are double-checked and even the smallest parts are tested for safety! So what are you waiting for!!!

## Electric mountain bike tour in the Karawanken Mountains

You think a mountain bike tour in the Karawanken Mountains is too challenging for you? Well, you will see, with an electric bike everyone will be able to beat the mountain! We start our tour in Mühlbach/St. Jakob and cycle along the river Drau to Feistritz im Rosental. There, we take the sealed road that leads us into the Bärenthal Valley to the Stouhütte. Now, we start our climb along the forest road until we get to the Klagenfurter Hütte. After having enjoyed the fantastic home-made „Topfenreinkalan“, a Carinthian dish, made of curd cheese, either sweet or sour and a glass of elder juice, we are ready for the challenging descent, which does not end before we leave the Bärenthal Valley.

Let us discover together the plants of meadows, forest and trails and learn how to cook with wild herbs and how to use them for health care. The focus will be on finding these natural resources.

As a welcome drink I offer a wild herbs smoothie. During the 3 hours hiking tour you'll get small natural delicacies, which I offer at beautiful places, per example walnuts sweet sour, liqueur of hawkbit, thyme cookies, wild herbs crème on different sorts of bread, kombucha, joghurt-elderberry terrine and water of the birchbark. Before we finish our interested guided tour you can taste a wild herbs soup with a wild herbs drink. „Don't miss this outstanding experience!“
